

CASE STUDY

FRED CHAMPION GROUNDWORKS

SWANVALE, FALMOUTH

DETAILS:

Application: BBA Gabion Baskets

Date: June 2014—Present

Engineer: FCG

Contractor: Fred Champion Groundworks

FRED CHAMPION GROUNDWORKS—SWANVALE

Swanvale is a brand new development situated in the beautiful harbour town of Falmouth, Cornwall. Tucked away just behind Bickland Water Road, Swanvale offers a stunning range of 3, 4 & 5 bedroom homes.

It is also the site of an impressive 4m high gabion retaining wall. Devoran Metals have supplied over 1000no. BBA approved gabion baskets to site since the build started in June 2014. The contractor, Fred Champion Groundworks, have used 3/4mm galfan coated gabions which comprise of a 3mm carcass and a 4mm facing panel (for a better aesthetic finish), fixed with helical connectors.

PROJECT BUILD COMPONENTS SUPPLIED BY DEVORAN METALS:

- BBA Welded 3mm / 4mm Galfan Coated Gabion Baskets
- 3mm Galfan Coated Helical Connectors
- 2.2mm Galfan Coated Tying Wire
